APPENDIX A – ATTACHMENT TO APPLICATION FOR FINANCIAL ASSISTANCE

Local General Contractor, Subcontractor, Trades and Labor Policy

It is the goal of the The Agency/**IDA** to maximize the use of local labor for each project that receives benefits from the Agency/**IDA**. This policy applies to general contractors, subcontractors, trade professionals, and their employees. The Agency/**IDA**'s Local Labor Area consists of the following New York State counties: Broome, Chemung, Chenango, Cortland, Delaware, Otsego, Schuyler, Steuben, Tioga and Tompkins.

Every applicant is obligated to provide written proof and data (see attached ... forms) to the Agency/**IDA** as to the physical location of all the contractors who will work on the project.

The Agency/**IDA** will review the data provided and determine, on a case-by-case basis and in a fully transparent manner, whether the Applicant has substantially conformed to the policy.

An Applicant **will not be deficient** if the proposed project requires specifically skilled labor that is unavailable in the Local Labor Area.

An Applicant **will not be deficient** if the proposed project utilizes parts and supplies assembled elsewhere because no such assembly is available in the Local Labor Area.

An Applicant **will be held non-compliant** with the Labor Policy if it imports labor from outside the Local Labor Area when equal labor that is ready, willing, cost competitive, etc. resides in the Local Labor Area.

The Agency/IDA may determine on a case-by-case basis to waive any portion of this policy for a project or a portion of a project where consideration of warranty issues, necessity of specialized skills, significant cost differentials between local and non-local services, documented lack of workers meeting the Local Labor Requirement or if other compelling circumstances exist.

In consideration of the extension of financial assistance by the Agency/**IDA** FREEHWEELIN ANSCO, LLC (the Applicant) understands the Local Labor Policy and agrees to submit either or both a Local Labor Utilization Report or a Non Local Labor Utilization Report at the time that construction begins on the project to the Agency and as part of a request to extend the valid date of the Agency/**IDA**'s tax-exempt certificate for the ANSKO CAMERA FACTORY BUILDING (the project).

The Applicant understands an Agency/**IDA** tax-exempt certificate is valid for 90 days effective the date of the project inducement and extended for 90 day periods thereafter upon request by the Applicant.

The Applicant further understands any request for a waiver to this policy must be submitted in writing and approved by the Agency/**IDA** before a tax-exempt certificate is issued or extended.

The Applicant further understands that if the required forms are not submitted to the Agency/**IDA**, the Agency/**IDA** shall have the authority to immediately terminate any and all Financial Assistance being provided to the Project.

I agree to the conditions of this agreement and certify all information provided regarding the construction and employment activities for the Project as of MARCH 21, 2018 (date).

PROJECT DATA – QUESTION #1

#1: Attach a complete narrative description of Project including location, proposed product lines and market projections, square feet by usage, type of construction, machinery for products, machinery for building, office and parking.

The proposed ANSCO Camera Factory project will historically rehabilitate an underutilized 150,000 square-foot building located at 16 Emma Street, which is in the City of Binghamton's First Ward neighborhood. As part of the rehabilitation effort, the parking lot across the street at 9 Emma Street will also be improved. The project will transform 16 Emma Street into 100 market-rate apartments and 50,000 square-feet for business and job opportunities.

PROJECT DATA – QUESTION #2

#2: Attach a photo of the site or existing facility to be improved.

PROJECT DATA – QUESTION #3:

#3: Attach copies of preliminary plans or sketches of proposed construction or floor plan of existing facility.

See attached.

PROJECT DATA – QUESTIONS #17 & #18:

#17: Please indicate all other local agencies, boards, authorities, districts, commissions or governing bodies (including any federal, city, county and other political subdivision of the State of New York and all state departments, agencies, boards, public benefit corporations, public authorities or commissions) involved in approving or funding or directly undertaking action with

respect to the Project. For example, do you need a municipal building permit to undertake the Project? State Historic Preservation? Do you need a zoning approval to undertake the Project? If so, you would list the appropriate municipal building department or planning or zoning commission which would give said approvals.

#18: Describe the nature of the involvement of the federal, state or local agencies described above:

HISTORIC PRESERVATION REQUIREMENTS

The Project will meet the standards for rehabilitation set forth in Title 36 of the Code of Federal Regulations, Part 67.7 (so the Development qualifies for NYS Historic Tax Credits and Federal Historic Tax Credits) and will require certain approvals from the New York State Historic Preservation Office and United States National Parks Service. The Project has already received approval for Part 1 Evaluation of Significance. The Project is in the process of gaining approval for Part 2 Description of Rehabilitation, which is required to close the construction loan and historic tax credit investor agreements.

NEW YORK STATE BROWNFIELD CLEANUP PROGRAM REQUIREMENTS

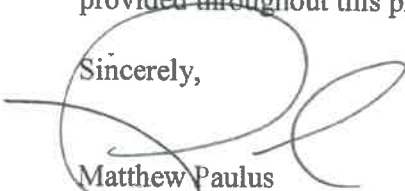

The Project has submitted an application to the New York State Department of Environmental Conservation in order to be accepted into the New York State Brownfield Clean Up Program. The Project anticipates it will be determined as an eligible brownfield site in the month of March 2018 and finalize and execute a Brownfield Cleanup Agreement by the end of the April 2018.

CITY OF BINGHAMTON REQUIREMENTS & APPROVALS

The Project required approvals from the City of Binghamton Planning Board (site plan approval), City of Binghamton Zoning Board (zone change), City of Binghamton Commission of Architecture and Urban Design (exterior demolition) and received all required approvals from these agencies as of the date of this Application.

The Project will also require a municipal building permit to commence construction. The Project is actively working with the City of Binghamton and appreciates the coordination and assistance provided throughout this process.

Sincerely,

Matthew Paulus
